POLICY/PROCEDURE: Financial Assistance Guidelines/Sliding Fee Schedule for Main Street Medical Clinic of Morton	REVISED DATE: 12/16/2022
	APPROVED BY: REVIEWED:

GOAL:

All patients seeking health care services at Main Street Medical Clinic of Morton are assured that they will be served regardless of ability to pay. No one is refused service because of lack of financial means to pay. This program is designed to provide discounted care to those who have no means, or limited means, to pay for their medical services (uninsured or underinsured).

Main Street Medical Clinic of Morton will base program eligibility on a person's ability to pay and will not discriminate on the basis of an individual's race, color, sex, national origin, disability, religion, age, sexual orientation, or gender identity. The Federal Poverty Guidelines are used in creating and annually updating the sliding fee schedule (SFS) to determine eligibility.

To establish a consistent, efficient, and compliant methodology for determining and administering Financial Assistance.

SCOPE:

The Main Street Medical Clinic of Morton Financial Assistance Policy applies to charges for emergency and medically necessary services by Main Street Medical Clinic of Morton/ Lackey Memorial Hospital owned and operated facilities, including Lackey Memorial Hospital and all Rural Health Clinics.

DEFINITIONS:

Application Period - Period of time a patient has to submit a completed application for Financial Assistance. For the purposes of this policy, the application period begins on the date medical care is provided and ends 6 months from the approval date. There will be a 15-calendar day grace period to return any requested additional supporting documents extended beyond the 30-day application period.

Discount -Those with incomes at or below 200% of poverty, will be charged \$10 nominal fee for health care services, according to the attached sliding fee schedule.

Encounter - An interaction or visit with a care provider. For outpatient treatments, an encounter generally refers to one treatment date or one clinic visit. The exception being series accounts as defined below. If the patient's "encounter" was an inpatient stay, the encounter charges would include all applicable technical charges incurred during the stay.

Family Unit- a group of two people or more (one of whom is the householder) related by birth, marriage, or adoption and residing together; all such people (including related subfamily members) are considered as members of one family. Non-related household members are included when calculating family size.

Gross Charges - The full, undiscounted price of medical services consistently and uniformly charged to patients before applying any contractual allowances, discounts or deductions.

Insured - Patients with any type of insurance coverage and/or third-party payor program which reimburses for, compensates or discounts medical expenses for that encounter or episode of care for the purpose of this policy, patients are considered to be insured even if they are out of network.

Nominal Fee- Patients with incomes at or below 200% poverty will be charged a nominal fee (\$10) according to the attached sliding fee schedule and based on their family size and income. However, patients will not be denied services due to an inability to pay. The nominal fee is not a threshold for receiving care and thus, is not a minimum fee or co-payment.

- iii. When the Financial Assistance Application and supporting documentation is received within the Application Period, it will be reviewed to determine the patient's eligibility for discounted services. Discounts will be based on income and family size only. Income requirements are detailed below:
- iv. Determine the total gross income for the patient's family unit.
 - Income includes: gross wages; salaries; tips; income from business and self-employment; unemployment compensation; workers' compensation; Social Security; Supplemental Security Income; veterans' payments; survivor benefits; pension or retirement income; interest; dividends; royalties; income from rental properties, estates, and trusts; alimony; child support; assistance from outside the household; and other miscellaneous sources.
 - Minor children's earned wages are not included in the income calculation.
 - Court-ordered and state or federally issued assistance related to a minor is included in the income calculation.
 - Applicants may provide one of the following:
 - prior year W-2
 - three most recent pay stubs
 - letter from employer
 - Form 4506-T (if W-2 not filed)
 - Self-employed individuals will be required to submit detail of the most recent three months of income and expenses for the business. Adequate information must be made available to determine eligibility for the program.
 - Self-declaration of Income may be used.
 - Patients who are unable to provide written verification may provide a signed statement of income.
- v. The patient/responsible party must provide supporting income documentation to verify the total gross income of all family unit members in the household.
- IV. The review for financial assistance eligibility will be completed timely.
- V. Once the eligibility determination has been made, a letter will be sent to the patient advising them of the decision.
- VI. For patients who are financial assistance eligible, the approval letter will indicate the discount percentage granted. This letter will also include contact information for assistance with patient questions regarding the Financial Assistance.
- VII. If the application is incomplete or lacks the necessary supporting documentation, a letter will be sent notifying the patient and requesting the missing information. All supporting information must be received before the end of the patient's application period. This letter will include contact information for assistance with patient questions regarding the approval process or payment arrangements.
 - i. If the patient provides the required information within the application period, the application will be reprocessed as outlined above.
 - ii. If a patient verbally expresses an unwillingness to pay or vacates the premises without paying for services, the patient will be sent a statement of their charges.
 - iii. If the Patient does not make effort to pay or fails to respond, this constitutes refusal to pay. At this point in time, the patient will follow Main Street Medical Clinic of Morton's collections policy.
